To Whom It May Concern,

I am writing to express my strong interest in the Cybersecurity program at Davis Technical College. The field's dynamic nature, constant challenges, and crucial role in protecting our digital infrastructure have captivated my attention. After careful consideration, I firmly believe that Davis Technical College offers an exceptional program that aligns perfectly with my academic and career aspirations.

Upon completion of the Cybersecurity program, my goal is to pursue a position in Cybersecurity and IT, particularly at Hill Air Force Base. The opportunity to work at Hill Air Force Base, a renowned institution dedicated to national security, resonates deeply with my passion for technology and my commitment to serving my country.

I am highly motivated to immerse myself in the world of cybersecurity and acquire the knowledge and skills necessary to excel in this rapidly evolving field. Davis Technical College's comprehensive curriculum, hands-on learning experiences, and dedicated faculty will provide me with a solid foundation in cybersecurity principles and practices.

I am a dedicated student with a genuine passion for technology and a strong aptitude for problem-solving. Actively seeking opportunities to expand my knowledge in cybersecurity, I have completed online courses and participated in workshops. I firmly believe that the program at Davis Technical College will further develop my technical abilities and foster my passion for cybersecurity.

In addition to my academic achievements, I possess strong communication, teamwork, and leadership skills. From 2016 to 2020, I built a Virtual Reality Educational Technology company (VR Dev Kids LLC), where I aimed to raise awareness among educators and learners about the rapidly advancing technologies of the 21st century. Through this endeavor, I also gained valuable insights into the importance of cybersecurity and the critical need to protect digital systems and sensitive information.

Thank you for considering my application to the Cybersecurity program at Davis Technical College. I am confident that my dedication, enthusiasm, and eagerness to learn will enable me to

excel in this program and make meaningful contributions to the field of cybersecurity. I appreciate your time and consideration.

Should you require any additional information or have any questions, please do not hesitate to contact me at 385-432-9281 or buchanan.ryan22@gmail.com. I look forward to the possibility of joining the Cybersecurity program at Davis Technical College and contributing my skills to the cybersecurity efforts at Hill Air Force Base.

Sincerely,

Ryan Buchanan
